

WAR ON WAR

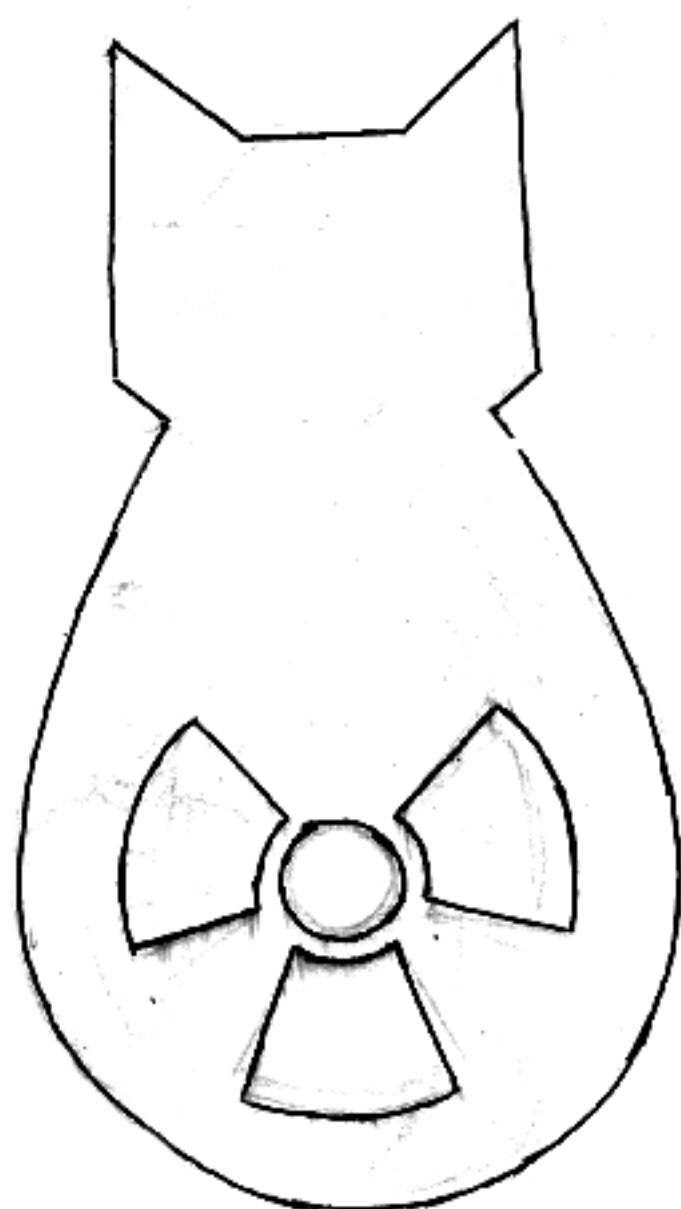

Price increases and sackings, massacres in jails and at the workplace, energy crisis and return to nuclear power, green pass and repression. This is the war against which we are called upon to fight. Our war is against the State and capital, in continuity with practices of conflict and with our imprisoned comrades in our hearts. We won't enlist in response to the bourgeoisie's call to arms, we won't go to fight against other exploited inside and outside borders.

For internationalist solidarity.

AGAINST WAR, AGAINST NUCLEAR POWER, IN DEFENCE OF THE ANARCHIST PRESS, IN SOLIDARITY WITH IMPRISONED REVOLUTIONARIES AND THE PRACTICES THEY ARE ACCUSED OF.
